ABOUT US

DAYA POWERTECH SOLUTIONS

Daya PowerTech Solutions is a multi-disciplinary engineering service provider specializing in electrical power systems, industrial automation, panel design, infrastructure development, and advanced technical services.

We provide complete engineering solutions including design, supply, installation, testing, commissioning, operation, maintenance, and technical support.

Our focus is on safety, reliability, energy efficiency, and long-term performance using modern tools and industry-standard practices.

VISION

To become a trusted engineering partner for industries by delivering reliable, efficient, and technically advanced solutions.

MISSION

- Deliver quality engineering solutions as per industry standards
- Ensure safety and system reliability
- Provide timely execution and technical support
- Build long-term customer relationships

VALUES

- Integrity
- Quality
- Customer Focus
- Safety First
- Continuous Improvement

COMMITMENT

We are committed to delivering safe, efficient, and reliable engineering solutions that add value to our clients and their operations.

OUR CORE SERVICE AREAS

01

Electrical Panel Design
& Engineering

02

VFD & Automation
Solutions

03

Power Quality &
Control Components

04

Switchgear &
Electrical Trading

05

Lighting & Energy
Solutions

06

Motor & Gear Motor

07

Cable

08

Bus Duct

09

Cable Tray

10

Earthing & Lightning
Protection

11

Retrofitting Works

12

Advanced Water
Treatment Solutions

01 ELECTRICAL PANEL DESIGN & ENGINEERING

(Fabrication & Assembly through Approved Manufacturing Partners)

PANEL RANGE

- ✓ PCC Panels
- ✓ MCC Panels
- ✓ APFC Panels
- ✓ AMF Panels
- ✓ VFD & PLC Panels
- ✓ Control & Relay Panels
- ✓ Main Distribution Board (MDB)
- ✓ Lighting Distribution Board (LDB)
- ✓ DG Control Panels
- ✓ Synchronizing Panels
- ✓ Auto Load Sharing Panels
- ✓ Feeder Pillar Panels
- ✓ Meter Boards & Junction Boxes

SERVICES INCLUDE

- ✓ Design & Engineering
- ✓ Component Selection
- ✓ Supply & Installation
- ✓ Testing & Commissioning

02 VFD & AUTOMATION SOLUTIONS

- ✓ VFD Supply & Commissioning
- ✓ VFD Repair & Troubleshooting
- ✓ Control Panel Retrofit

03 POWER QUALITY & CONTROL COMPONENTS

- ✓ Line Reactor / Line Choke
- ✓ Dynamic Braking Resistor (DBR)
- ✓ Control Transformer
- ✓ Current Transformer (CT)
- ✓ Potential Transformer (PT)
- ✓ Protection & Control Relays
- ✓ Resistor Box

04 SWITCHGEAR & ELECTRICAL TRADING

- ✓ LT & HT Switchgear
- ✓ ACB/MCCB/VCB
- ✓ Isolators & Changeover Systems
- ✓ SOCOMEC Power Control Products
- ✓ Electrical Components Supply

05 LIGHTING & ENERGY SOLUTIONS

- ✓ High Mast Lighting Systems
- ✓ Outdoor LED Lighting
- ✓ Solar Street Lighting Systems

06 MOTOR & GEAR MOTOR

- ✓ LT Motors
- ✓ DC Motors
- ✓ Slip-Ring Motors
- ✓ Crane Duty Motors
- ✓ Inverter Duty Motors
- ✓ Gear Motors

07 CABLE

- ✓ Power Cable
- ✓ Control Cable
- ✓ Instrumentation Cable
- ✓ Submersible Cable
- ✓ CCTV Camera Cable

08 BUS DUCT

- ✓ Operating Voltage – Up to 1000 V AC
- ✓ Rated Frequency – 50/60Hz
- ✓ Insulation Voltage – 690V / 1100V AC
- ✓ Short Circuit Capacity – Upto 160kA for 1 sec
- ✓ Insulation Class – F
- ✓ Available in – Copper and Aluminum.

09 CABLE TRAY

- ✓ LT & HT Cable Laying & Termination
- ✓ Cable Tray Supply
- ✓ Cable Tray Accessories

Horizontal Bend

Vertical Bend Inside

Center Reducer

Right Hand Reducer

10 EARTHING & LIGHTNING PROTECTION

- ✓ Supply and installation of chemical earthing
- ✓ Earthing Testing
- ✓ Supply of Lightning Arrester (Max. radius 107 m)
- ✓ Earthing Pit Cover
- ✓ Maintenance free chemical earthing (GI, Pure copper & copper bonded)

BENEFITS OF CHEMICAL EARTHING

- ✓ Maintenance Free
- ✓ Low resistance value
- ✓ Long life
- ✓ Easy installation

11 RETROFITTING WORKS

- ✓ ACB & MCCB Retrofitting
- ✓ VFD Retrofitting
- ✓ Busbar Modification Works
- ✓ Electrical Panel Retrofitting

12 ADVANCED WATER TREATMENT SOLUTIONS

- ✓ Nano Filtration (NF) Water Purifiers
- ✓ Water Ionizers & Hydrogen Water Systems
- ✓ Alkaline Water Systems
- ✓ Water ATMs
- ✓ Domestic, Commercial & Industrial Water Treatment Solutions
- ✓ Installation, Commissioning, AMC & Maintenance Services

OUR STRENGTHS

- Multi-Technical Expertise
under one roof
- Industrial Standard Practices
- Modern Testing &
Diagnostic Equipment
- Cost-effective &
Reliable Solutions
- Timely Execution &
Customer Support

QUALITY & SAFETY COMMITMENT

We follow standard engineering practices, proper material selection, and safety procedures to ensure reliable and long-lasting system performance

SAFETY FIRST

QUALITY ASSURED

ON TIME DELIVERY

CUSTOMER SATISFACTION

INDUSTRIES WE SERVE

Manufacturing Industries

Commercial Buildings

Infrastructure Projects

Hospitals & Institutions

Builders & Contractors

Industrial Plants

Residential Clients
